K.M. Wissing, Brussels, Belgium

15:15-15:35 What immunosuppression for “old-to-old” recipients?
Y. Le Meur, Brest, France

15:40-16:00 RCT in kidney transplantation in elderly subjects.
K. Budde, Berlin, Germany

16:00-16:30 **Coffee Break**

16:30-17:00 **Session 3**
General discussion - “take home messages” and meet-the-expert
Chairs: **D. Abramowicz**, Antwerp, Belgium. **K. Budde**, Berlin, Germany

17:00-17:30 **Free Communication Session**
The three best scored abstracts submitted by DESCARTES ordinary members

Poor renal function in elderly recipients transplanted with grafts from elderly donors after cardiac death: a Dutch cohort study
F. Bemelman, The Netherlands

Immunologic outcomes in elderly kidney transplant recipients
F. Halleck, Germany

Age should not be considered a contraindication for living kidney donation
D.A. Moutzouris, United Kingdom

17:30 **Closing remarks**
U. Maggiore, Parma, Italy

General Information

UEMS CME CREDITS

Renal Transplantation in The Elderly CME was granted **6 European CME credits** (ECMEC) by the European Accreditation Council for Continuing Medical Education (EACCME). The EACCME is an institution of the European Union of Medical Specialists (UEMS). Delegates receiving certificates for ECMEC credits must contact their National Accreditation Authority to have the credits recognized (or converted) in their country of practice.
